VESSEL SEALING SYSTEM

Enabled with sophisticated & advanced technology, our Vessel Sealing System presents a new & improved solution for vessel sealing in minimal access & open surgeries. We offer two different models of sealing system with different operating modes.

ELECTRO SURGICAL UNIT

Our wide range comprises of varied models of Electro Surgical Unit, presenting an innovative solution for use in modern operating room and surgical center. Our ESUs are multipurpose systems loaded with both monopolar and bipolar functions that are specially developed to meet all your surgical demands taking into consideration the flexibility, safety, reliability and convenience.

CO_2 INSUFFLATORS

CO_2 Insufflators are widely used in long endoscopy procedures such as colonoscopy, enteroscopy, EUS, EGD and ERCP. Our range includes varied models of insufflators that are compact in design and highly portable. The major advantage with our high end insufflator is that it does not require any cubersome attachments, thus standard air/water valves can be used eliminating the use of specialized CO_2 valves

LIGHT SOURCE

We present an extensive range of Light Source for all your surgical procedures and measurement applications. In our equipments, we use LED and halogen source of light for an excellent range of illumination.

SANDHYA SURGICAL

ISO 9001 : 2015

SANDHYA SURGICALS GOREGAON, MUMBAI

Footed in the year 2001, Sandhya Surgicals is amid the conspicuous entities engaged in manufacturing and supplying an impeccable array of products such as Hysteroscopy, Laproscopy, Urology, Gynaecology, ENT Instruments and many more. These products are designed and made up at a high-tech production unit making use of premium quality raw material altogether with cutting edge technology in conformism with market quality norms. To add, these provided products are examined stringently prior getting delivered at the destination of our patrons. Additionally, our honorable customers can avail these products from us at market-leading rates within the postulated frame of time.

Our crew is regarded as the chief pillar of our enterprise. All our team members possess immense industry understanding in their respective arena and work in a close harmony with each other to comprehend the varying demands of our customers. We have chosen a capable team of quality supervisors, sales & marketing personnel and production managers. Beneath the leadership of our guide Mr. Santosh Kumar Jaiswar, we have managed to acquire a noted standing in the industry. It is owing to his immense knowledge and years of expertise that we have attained a vast clientele base and a strong standing in this industry.
